Subject: Permit Transfer - Gold Queen Mine - S/017/035

Wayne: To update you on the status of this transfer

4/14/99 - We received a small mine transfer form to transfer the Gold Queen small mine permit (S/017/035) from Green River Holdings to MCW Enterprises (Kim Wilson). The location on the form was different from what the Division records show. Tom called Kim Wilson to advise him of this error. It was decided to return the form to Mr. Wilson along with a new blank transfer form to be filled out correctly. The forms were sent 4/16/99 along with a note to Mr. Wilson that the fee for this permit had not been paid and requested that the fee payment accompany the transfer form.

A copy of this note will be sent to file S/017/035.
